

## All Party Parliamentary group on Obesity launches

Anna Soubry MP, Parliamentary Under Secretary of State Health, challenged guests at the launch of the All-Party Parliamentary Group (APPG) on Obesity to engage with her and demand action in the fight against obesity. The event, held in the House of Commons in April, attracted an audience of over 100 people representing politicians, health care professionals, scientists and industry. The APPG on Obesity is chaired by Rosie Cooper MP.
